Prof. Ulfat Bashir

General Secretary

Prof. M. Umar Farooq Marwat

Finance Secretary

Dr. Umar Farooq

Information Secretary

Dr. Muhammad Zeeshan Baig

Respected Office Bearers,
PDA Provincial Chapters and City Branches

Subject: Strengthening Pakistan Dental Association through Active Membership Promotion

I hope this letter finds you well.

The Pakistan Dental Association (PDA) has long served as the premier representative body of the dental profession in Pakistan, safeguarding professional interests, promoting ethical practice, and advancing dental education and public oral health. The strength, credibility, and effectiveness of PDA are directly linked to the strength of its membership.

In this regard, the Central Council strongly encourages all **Provincial Chapters and City Branches** to take proactive and coordinated steps to **promote PDA membership** among dentists, particularly young graduates, postgraduate trainees, academicians, and private practitioners within their respective jurisdictions.

Active membership not only empowers individual dentists through representation, continuing professional development, advocacy, and networking opportunities, but also strengthens PDA's collective voice in regulatory, academic, and policy-making forums at national and international levels.

“Active membership will give the right of vote in upcoming PDA elections. The last date of membership for being an eligible voter is 15th March, 2026.”

Membership form is available at PDA official website “<https://pda.org.pk>”

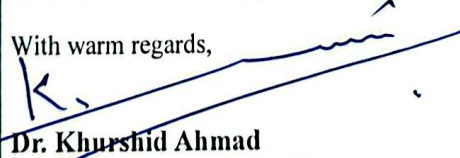

Branches and Chapters are requested to:

- Actively reach out to non-member dentists and recent graduates
- Highlight the professional, academic, and legal benefits of PDA membership
- Facilitate and simplify the membership enrolment process
- Encourage participation in PDA scientific, academic, and community activities

Your leadership at the grassroots level is vital in fostering unity within the profession and ensuring that PDA remains a strong, vibrant, and representative organization.

We look forward to your continued cooperation and commitment in this important endeavor. Together, let us work to strengthen the Pakistan Dental Association for the betterment of the dental profession and oral healthcare in Pakistan.

With warm regards,

Dr. Khurshid Ahmad
President, Central Council
Pakistan Dental Association (PDA)
